AAUW Mission: AAUW advances gender equity for women and girls through research, education, and advocacy.

AAUW Vision: Equity for all. **AAUW Values:** Nonpartisan, fact-based, integrity, inclusion, and intersectionality.

AAUW is open to graduates who hold the associate, baccalaureate, or higher degree from a qualified college or university.

The Kirkwood-Webster Groves Branch of AAUW supports the full range of the AAUW mission through its monthly program meetings, special interest groups, and public outreach events, by engaging in social action, collaborating with local organizations and educational institutions regarding AAUW topics, and supporting area young women and girls directly. We are one of five branches in the St. Louis, MO, area that comprise the AAUW Metro St Louis Interbranch Council (IBC).

Kirkwood United Methodist Church

April is the month we honor our high school STEM recipients and invite a speaker working in a STEM career. We are honored to have an AAUW Fellow getting her doctoral degree in low dimensional topology and foliations from the Washington University Department of Mathematics. Join us and meet **Atzimba Martinez**, who will tell us what topology is and how it is used. We will also get a chance to meet our three STEM honorees and their families.

Topology 101: The Hole Truth

Ms. Martinez's research interests include low dimensional topology and foliations. Currently, her research focuses on taut foliations for Montesinos knots. She has participated in many research programs since her undergraduate years and attended various academic conferences with travel awards. She was recently awarded an AAUW Dissertation Fellowship. Apart from being passionate about mathematics, she also is passionate about increasing the number of underrepresented groups in STEM and does her best to get involved with organizations with the same passion.

Lifelong Activism ...

In March we gathered with other branches to celebrate and congratulate our outstanding members. Christine Nobbe received our branch's Barbara Lackritz Service Award. See elsewhere in this issue for more about Chris.

April, in contrast, sees us moving back out into the community to share AAUW's mission. Here are activities

Lynne

coming up in April:

- ◇ Remember to vote between April 3 and noon on May 15 in the AAUW National election. Biographies of the four candidates to be voted on for AAUW Board can be found at <https://www.aauw.org/resources/member/governance-tools/national-election/candidates/>
- ◇ The other item is a bylaws change to eliminate the degree requirement for membership. The AAUW Missouri Board endorses a "yes" vote so that anyone supporting our mission may join.
- ◇ If AAUW has an email address for you, you should have received an email with a link and password for online voting. You may need to check your spam folder if you don't see the email message. Let Lynne or Jeanne know if you have questions.
- ◇ **April 9** features Dr. Kelly-Kate S. Pease speaking in the International Relations Lecture Series on the creation and evolution of NATO. AAUW has cosponsored this opportunity to learn about international affairs for more than 90 years.
- ◇ **April 11** is our STEM awards meeting where we recognize and encourage girls who plan to study in STEM fields. We will hear from an AAUW Fellow, Atzimba Martinez, who exemplifies the scholarship that many of us believe is one of AAUW's most important contributions. See page 1 for details.
- ◇ **April 17** is a "Meet and Greet" at Webster University where Debbie McWard and team will introduce Webster students to AAUW and our actions on behalf of equity in education.

And coming up in May:

- ◇ **May 4** is the AAUW Missouri State Conference in Columbia. Several branch members are planning to attend. Let Lynne or Jeanne know if you are interested in attending. A registration form is available on the AAUW MO website, <https://aauw-mo.aauw.net/>.

These are some of the many opportunities for members to participate actively with other women, organizations, and institutions and to share AAUW's passion and expertise.

2024-2025 Renewals

When was the last time you went shopping and were not amazed at price increases? Here is some great news! Your AAUW membership dues have NOT gone up!!

Most of you have dues that will not expire until June 30, 2024. If you have given national your e-mail address, you will receive an e-mail notice sometime in April. It is very easy to renew online with a credit card, and you'll get immediate confirmation; so you can wait until the last minute. If you prefer to snail mail your renewal, membership forms will be in the next newsletter. Keep in mind that those will take up to three weeks to process, so plan on doing it early. Those of you who have memberships that expire later in the year will also get a notice at the appropriate later time. This is a new system, so I will track it and send you reminders.

Membership dues: National-\$72.00; State-\$10.00; Branch-\$15.00 for a total of \$97.00. It's worth every penny, don't you agree?

"You cannot shake hands with a clenched fist."
– Indira Gandhi, first female Prime Minister of India

**THE PERFECT
FUND RAISER!**

As you know, Kirkwood-Webster Groves Branch provides **three \$500 STEM scholarships** every spring to graduating high school women who are planning to major in a STEM field. We continue to search for ideas to raise money for the scholarships. Some members have opted to donate directly to our branch STEM fund (by writing a check to AAUW KWG, STEM scholarship in the memo line). However, we still sell pecans as a fairly good way to raise funds.

By way of other organizations' fundraising, we came across **Rada Fundraising**. It seems to be an easy way to raise a few dollars at 40% profit. Their products last and have been around for a long time. They are 100% American made and make a nice addition to your kitchen or pantry or as gifts. We have a couple of paper catalogs to peruse, but you can also shop online at <https://radafundraising.com/pages/select-your-fundraising-group/> and entering AAUW and MO in the appropriate boxes and clicking on Search. This will take you to: <https://radafundraising.com/?rfsn=7746743.077a60>.

Also, at the bottom of their web page, you can click on Support a Fundraiser in the Menu column.

Pecans for Sale. We still have pecans left to sell. We have pecan halves available at \$14 a bag and dark chocolate covered pecans, pecan caramel clusters, and cinnamon pecans at \$12 a bag. Contact Kay Meyer if you are interested in purchasing any of the pecans.

KWG Branch Awarded Stars in National Program

For 2022-2023, the first year our branch entered the National Star Award program, we have been awarded two stars. National Deputy Director of Advancement Tremayne Parquet described the award as follows:

"We are thrilled to inform you that, based on your responses, the AAUW Kirkwood-Webster Groves (MO) Branch has achieved two stars in the FY23 AAUW Five Star Recognition Program. This achievement is a testament to your dedication and commitment to advancing our mission, and we applaud your leadership and members for your outstanding contributions in the following categories: Communications and External Relations and Programs.

... As you reflect on your branch's achievements, take pride in the positive impact you've made and the lives you've touched throughout the past year. Your ongoing support is inspiring, and we are grateful to have branches like yours as integral parts of our organization."

Our achievement in these two categories can be attributed to our efforts to include a DEI focus and to have mission-based programs. Special thanks go to Nancy Hutchins for our social media posts, to Chris Nobble for the 2022-23 mission-based programs, and to Kay Meyer for ensuring that we included a DEI focus.

Do you still cook?

Here is a recipe from our pecan supplier to give you an idea about how to use the pecan halves: **Pecan-Crusted Chicken Strips**

2 lbs boneless, skinless chicken breasts cut into strips
 Salt and pepper
 2 tbsp chopped fresh parsley leaves

For the honey mustard:

¼ cup mayonnaise ¼ cup Greek yogurt
 ¼ cup honey 2 tbsp mustard
 2 tbsp Dijon mustard

For the pecan crust:

1 cup **pecans** 1 cup panko bread crumbs
 1 tbsp Italian seasoning ½ tsp garlic powder
 ½ tsp onion powder

Preheat oven to 375°. Line a baking sheet with parchment paper. **Make the honey mustard** by combining the mayonnaise, Greek yogurt, honey, and mustards. Split and set aside in two small bowls. **Make the pecan crust** by combining pecans, panko, Italian seasoning, garlic powder, and onion powder in a food processor until it looks like crumbs. Set aside in a medium bowl.

Season the chicken with salt and pepper. **Dip the chicken** into the honey mustard and then dredge through the pecan crumbs, pressing to coat. Place the chicken on the prepared baking sheet and **bake for 15-20 minutes** or until the chicken is cooked through. Serve immediately. Use 2nd bowl of honey mustard as a dipping sauce!

Work Smart / Start Smart and Money Smart. AAUW National is no longer supporting the license model for salary negotiation training. That being said, we understand that there are some groups that still have active licenses. We will be honoring these licenses through their expiration, but they will not be eligible for renewal.

We will be continuing our Work Smart / Start Smart (salary negotiation) and Money Smart (financial literacy) training. These training sessions will be conducted via a webinar format, and our AAUW National staff will facilitate/lead them. They will occur throughout the academic year. They will be open to the following groups:

CU Member campuses - All students, staff and faculty at CU Member campuses are eligible to attend our training. We regularly email our CU representatives to advertise the dates and links to attend.

Grant-Funded Campuses - AAUW has grants from Coca Cola Foundation, ETS, and AAUW Honolulu that support students at HBCUs (Historically Black Colleges and Universities), and other minority-serving Institutions are eligible to participate in training as well.

WorkSmart Online will sunset mid-June 2024. It is an expensive program to maintain, and we do not have dedicated funding to support its maintenance or the necessary updates.

There are currently over 1,300 missing persons from Missouri, and the number grows daily throughout the year. Unfortunately, a plethora of the missing adults and children don't have flyers and are only represented by silhouettes or "no image" at all! If your loved one went missing, would you know what to do or who to call? If you were "allowed" to make a missing person report, how would you expect police to respond? Do police search for individuals reported missing? Would your missing loved one's case make the news? Do you know how to locate and use Missouri's missing persons database?

Speaker: **Theda Wilson**, founder and president of Looking For An Angel, a nonprofit organization she created in memory of her missing murdered child, Christian Taylor Ferguson.

Lunch & Learn: Challenges in American Higher Education

Wednesday, April 17, noon

Virtual event

[Read more and register here.](#)

Mark S. Wrighton, James and Mary Wertsch Distinguished University Professor and chancellor emeritus at Washington University in St. Louis, will join us to discuss current challenges for American higher education. These challenges include campus unrest stemming from political issues, different views about the war in Israel, aspirations related to establishing diverse, inclusive and equitable communities, and financial shortfalls. These challenges are evident at both public and private institutions. The erosion of public confidence in America's higher education has exacerbated the problems within academic institutions.
